

Dar Al-Handasah

Dar Al-Handasah Consistently Relies on EIZO for their Critical Engineering Needs

Dar has consistently ranked among the world's top 10 engineering and architectural global consultancies for over 25 years.

In line with Dar's mission to provide the highest quality of work, they have chosen to acquire and use the best equipment available to make their critical processes as efficient and effective as possible.

They have trusted in EIZO's monitor displays since 2007 for all their engineering, design, planning and project management needs.

GMHabis is proud to be the main monitor supplier of Dar and is happy to announce Dar's decision to purchase:

- in June 2013 275 EIZO Monitor Model EV-2336 WFS.
- in August 2014 250 EIZO Monitors Model EV-2450.
